A source with whom contact has been insufficient to determine reliability, advised Special Agents of the Federal Bureau of Investigation (FBI) on January 8, 1970, that he learned from John Carja, 353 West 53rd Street, New York City, that Nicolae Ceausescu, Secretary General of the Central Committee of the Romanian Communist Party and President of the Council of State, Romanian Socialist Republic, would be visiting the United States in 1970. Carja told source that he would organize a demonstration that will cause a great deal of trouble for Ceausescu, and the source felt that this would be embarrassing to the United States.

Source advised that John Carja sympathizes with the Romanian Iron Guard and collaborates with Horia Sima, the Romanian Iron Guard leader, who resides in Madrid, Spain.

The Romanian Iron Guard has been described as being an extremely radical, nationalistic, political organization founded in Romania in the early 1930's, which collaborated with the Nazi-German Government during World War II. It is definitely anti-Communist.

The source could furnish no additional information regarding the above.
